

Revitalize Your Eyes: Enhance Beauty and Youthfulness

- Relax muscles around the eyes and lift the skin around the eyes.
- Prevent eye cell aging.
- Reducing eye bags and fine lines
- Eyes become bigger in an instant, as beautiful as wearing a colour contact lenses

The following ingredients have significant benefits for eye care.

LUTEIN

Lutein is a type of carotenoid, which is essential for eye care.

METHYL GLUCOSE

It has antibacterial, anti-inflammatory, and detoxifying properties.

HAMAMELIS VIRGINIANA (WITCH HAZEL)

It can effectively reduce eye bags, provide relaxation, and alleviate issues for oily or sensitive skin. It has soothing, astringent, antibacterial, and anti-aging effects.

NIACINAMIDE

Niacinamide is most renowned for its whitening effects, as well as its antioxidant properties and ability to repair the stratum corneum.

HYALURONIC ACID

Hyaluronic Acid (HA), also known as hyaluronan, is a natural glycosaminoglycan found in the skin. It possesses strong water-absorbing capabilities, capturing a significant amount of moisture to aid in maintaining the skin's elasticity.

It works in conjunction with collagen and elastin to support the dermal structure in the dermis. Hyaluronic acid helps the skin retain moisture, maintain appropriate hydration levels, and stabilize the extracellular matrix structure.

Goji berries are rich in lutein.
