

The "Sun Dual Care" technology mimics plant photosynthesis, transforming UV rays into "beauty light", effectively boosting hyaluronic acid and collagen production for more youthful, vibrant skin.

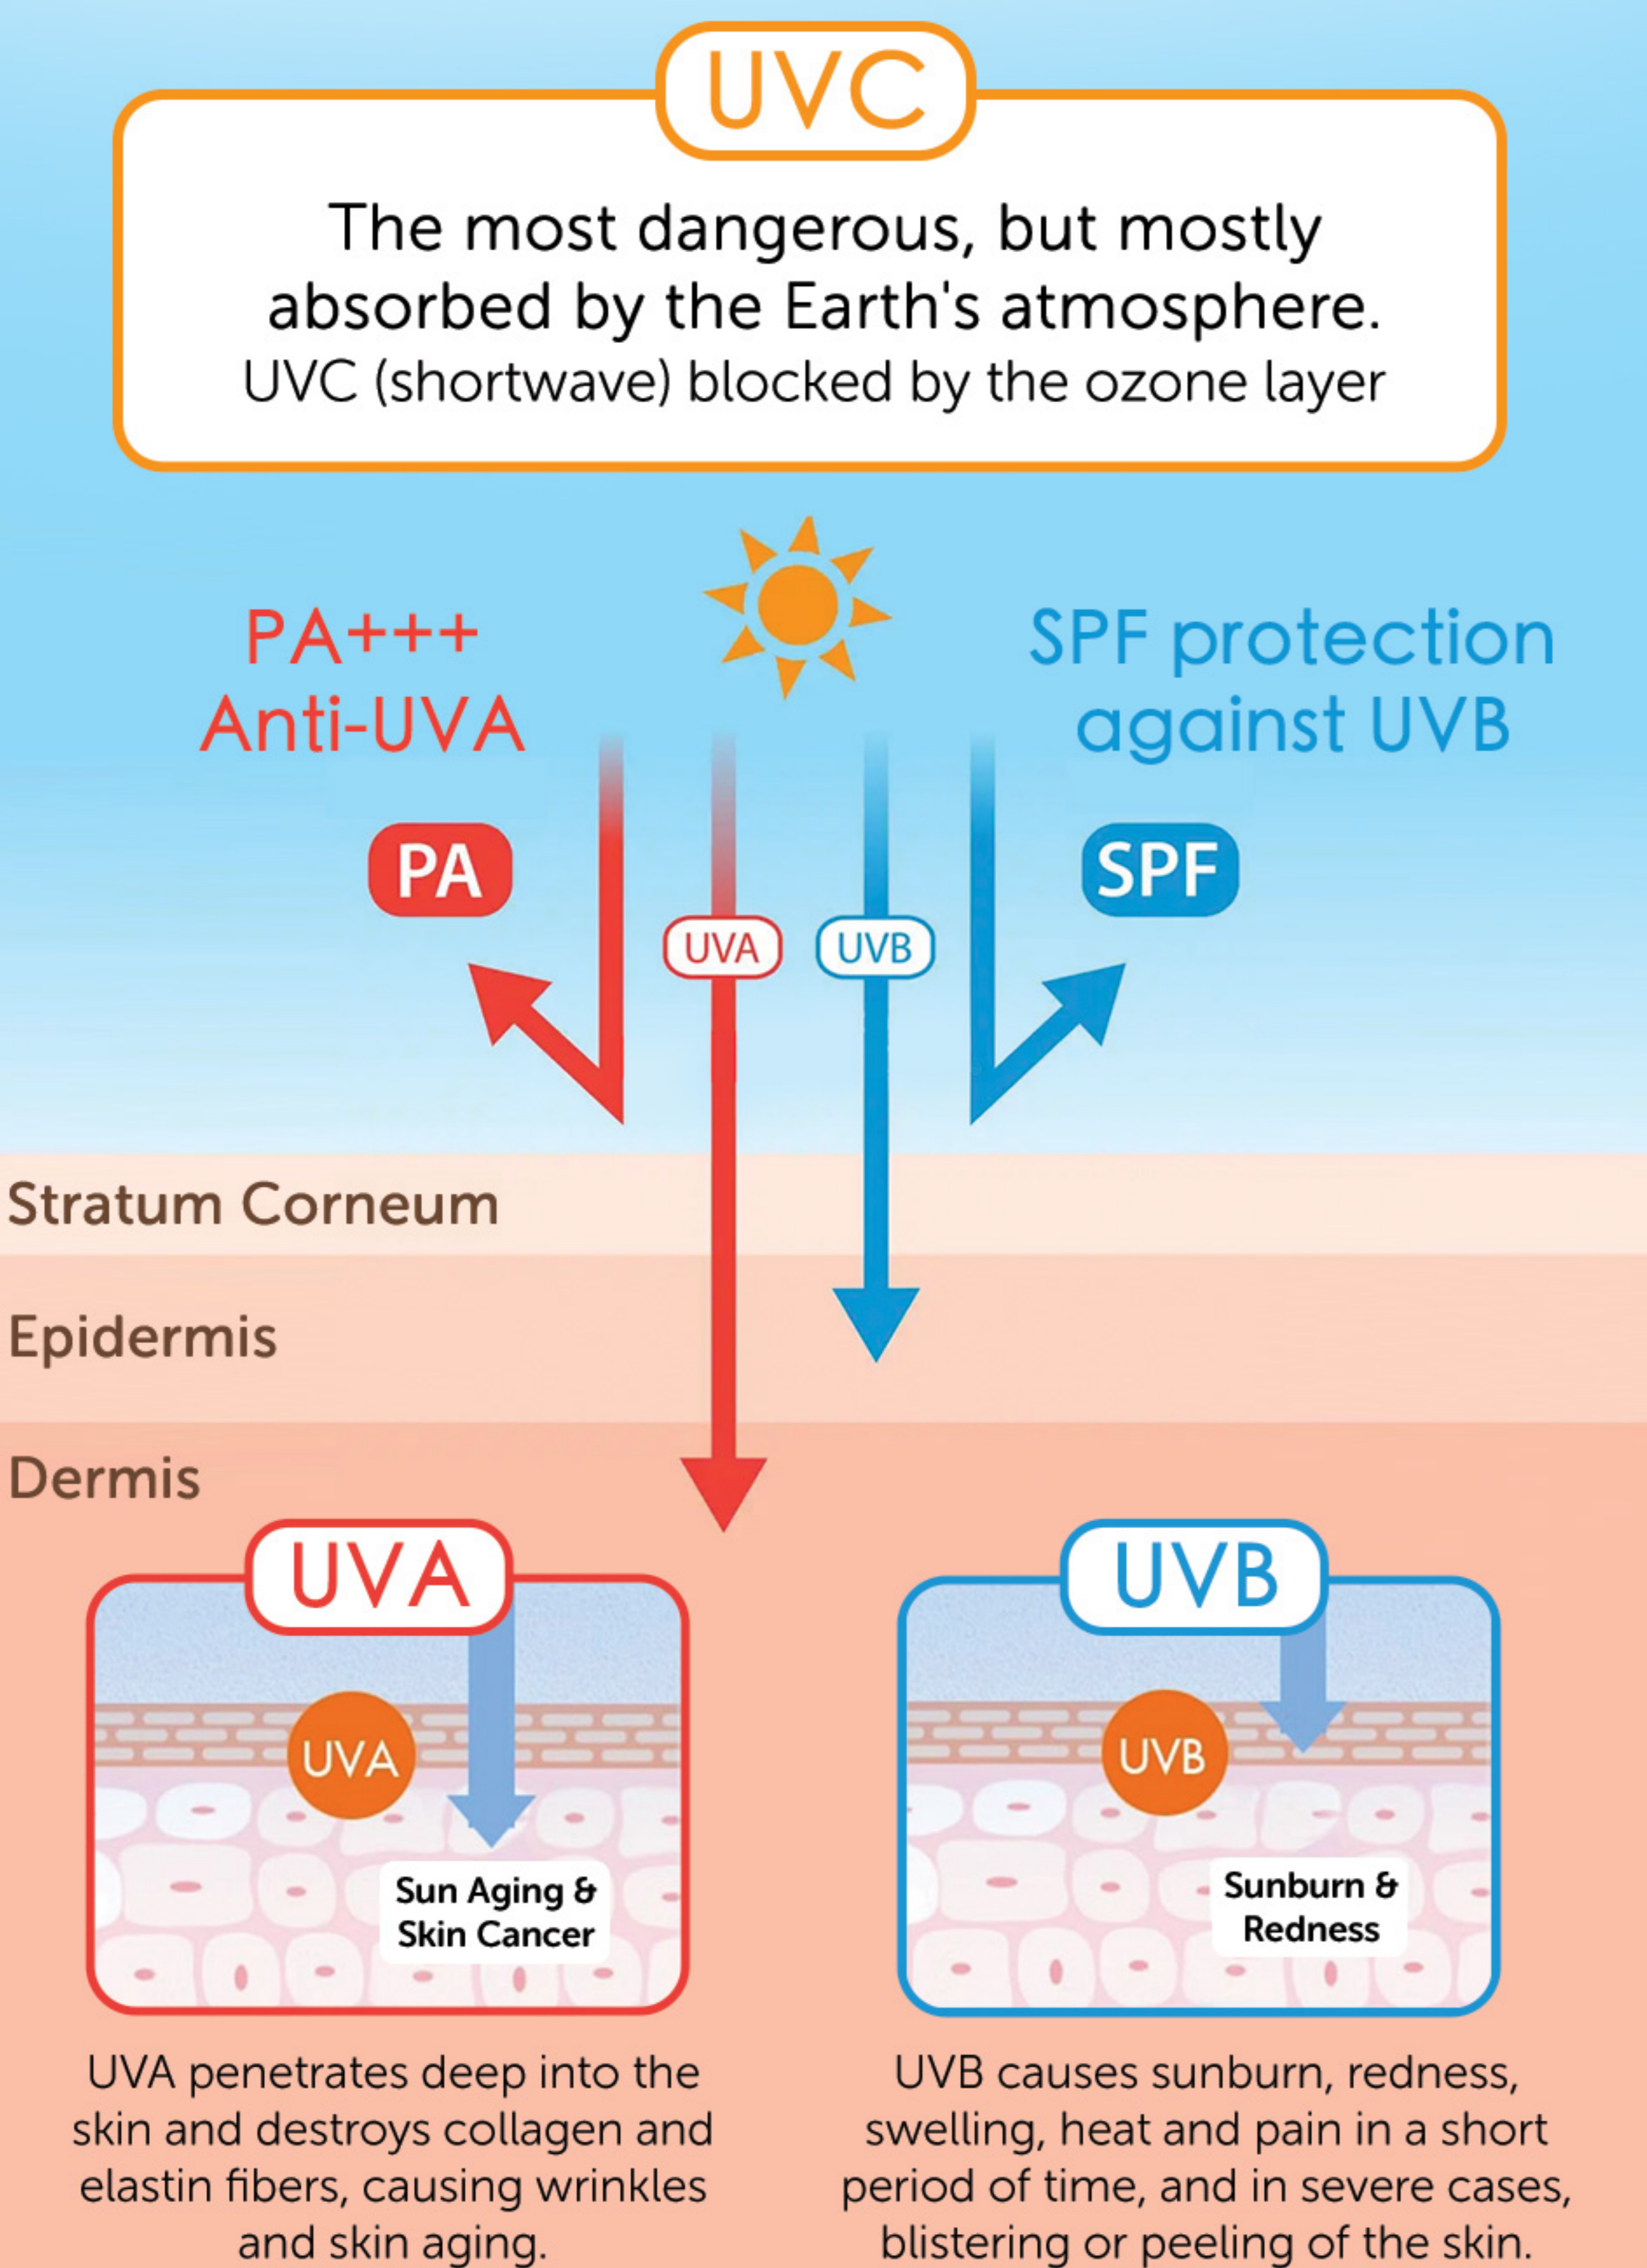

## Ultraviolet Ray

Ultraviolet (UV) rays can damage the skin, leading to sunburn, premature aging, and even skin cancer. Therefore, it is important to take protective measures.

### Understanding Ultraviolet Rays

Ultraviolet rays are invisible rays from the sun and are divided into three types:

**UVA** longwave UV, **UVB** mediumwave UV and **UVC** shortwave UV

- ✓ Anti-allergic
- ✓ Brightening
- ✓ Freshness Preservation
- ✓ Repair
- ✓ Moisture-locking
- ✓ Natural Finish, No White Cast

**UVA**

**UVB**

# AIVOLUTION ULTRA DEFENDER

- High Sunscreen Protection
- Instant Film
- Water & Sweat Resistant

#1 Stick = Isolation + Physical Sunscreen + Concealer + Skincare

Do you still have these problems with sunscreen?

Time consuming film

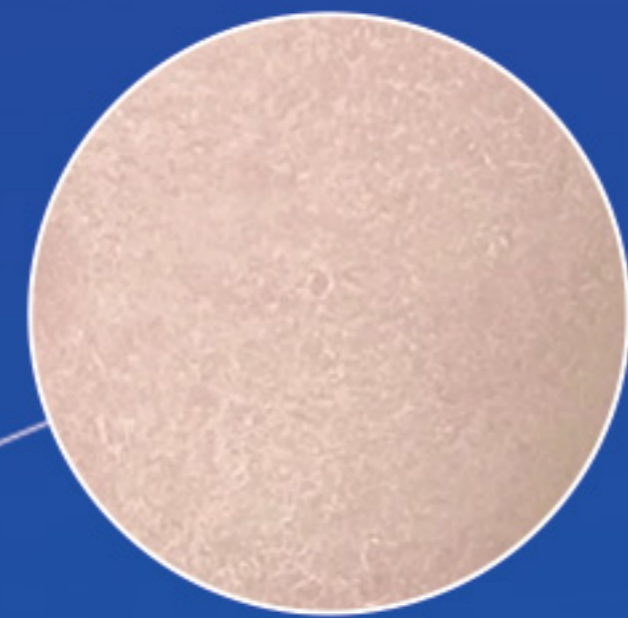

Heavy & Scrubby

Stuffy face, Stuffy acne

Sweating makes makeup come off easily  
Protection does not last

Weak sun protection  
Redness & Aging

Scrubby Fake White  
Unnatural/not applied

Greasy & heavy  
Acne & Skin Damage

### Testing UV resistance

### Water and Sun Resistant • Refreshing & Non-Sticky

Forms a protective film, doesn't come off easily when exposed to water.

Easily absorbed, light and non-greasy.

Natural Plant-Based ingredients  
Protects on the outside,  
nourishes from the inside

Portulaca Oleracea

#### Soothing

Reduces sensitivity and redness, quickly restores skin balance.

Scutellaria Baicalensis

Gentiana Scabra

#### Anti-Inflammatory & Antioxidant

Repairs skin, prevents premature aging, maintains health and vitality.

Glycyrrhiza Uralensis

Papain

#### Whitening

Evens skin tone, fades dark spots, brightens complexion for a natural glow.

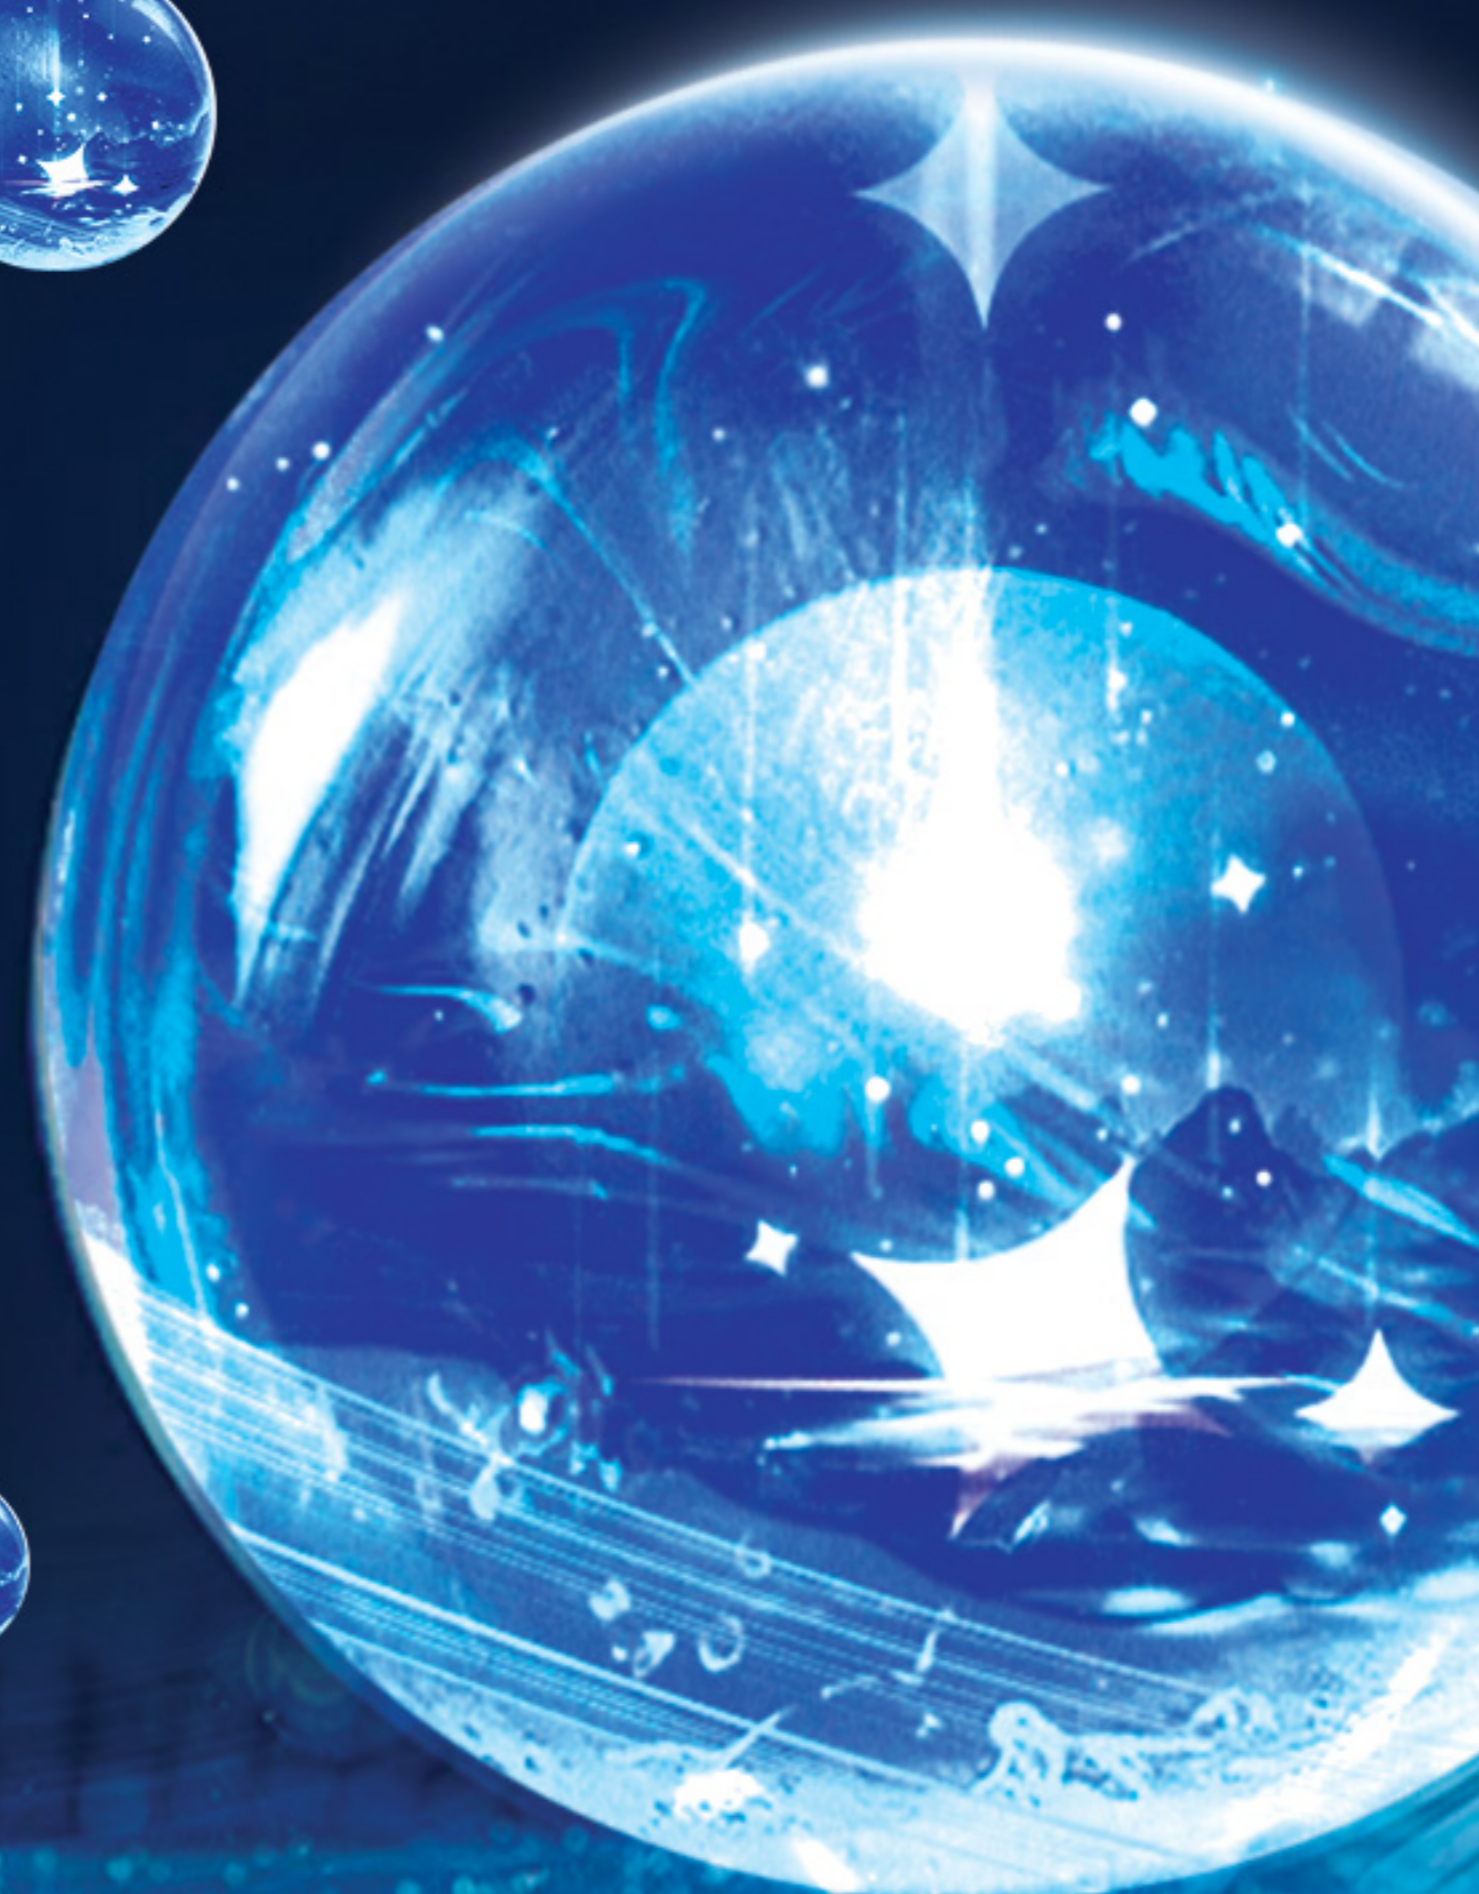

Alonicera Japonica

Chrysanthemum Indicum

#### Antibacterial

Inhibits bacterial growth, prevents acne and inflammation, enhances skin defence.

Squalane

#### Moisturizing & Repairing

Long-lasting hydration, repairs skin barrier, improves softness and elasticity.

Invisible Sun Umbrella  
No Fear of the "Dark" Forces  
New Generation Sunscreen  
**Blocks 99.99% of UV Rays**

Sun Protection • Waterproof  
• UV Protection

### Three Simple Steps for Sunscreen and Skin Care

#### STEP 1

##### Use the Right Amount

Take about a coin-sized amount of sunscreen.

#### STEP 2

##### Dab on the Face

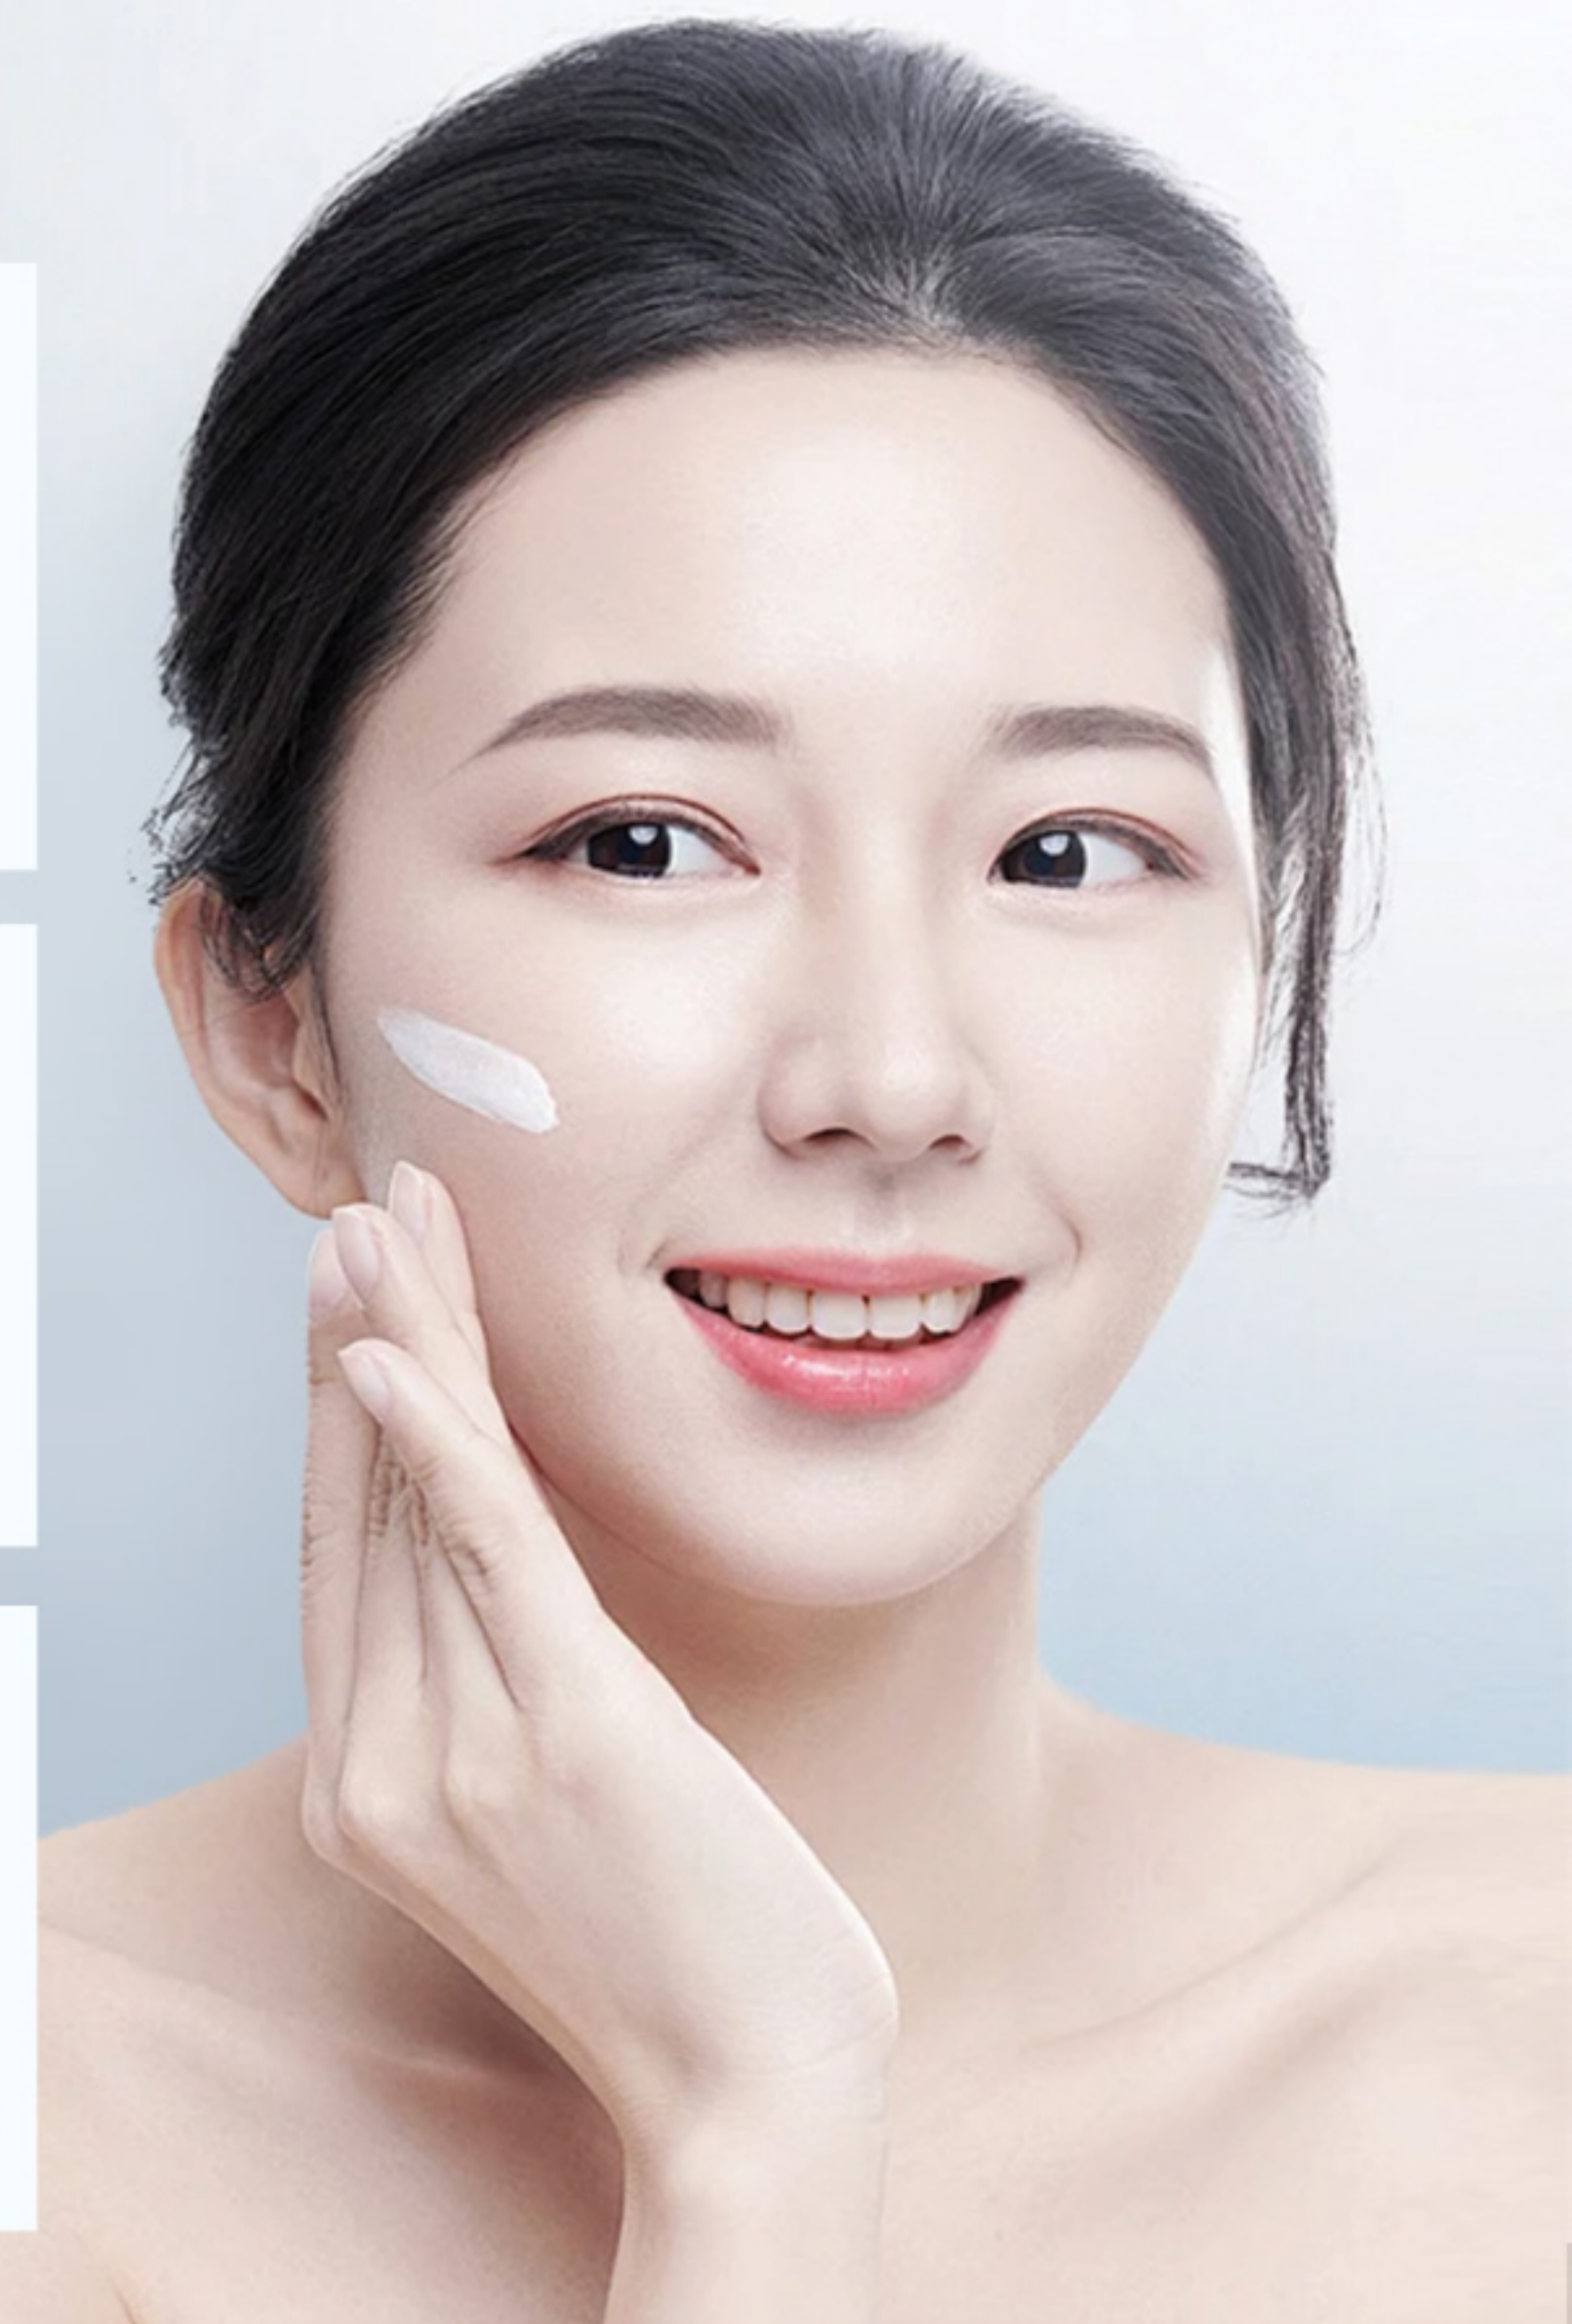

Apply to five areas: both cheeks, forehead, nose, and chin.

#### STEP 3

##### Evenly Spread

Gently spread with your fingertips until absorbed and forms a protective layer.

### High Protection Against Light Aging, Skin Brightening, and Nourishing

Fades dark spots, reveals a brighter complexion.
